DMIP 2025

2025 8th International Conference on Digital Medicine and Image Processing

Tokyo, Japan | November 27-30, 2025

Conference Website: http://www.dmip.org/

2025 8th International Conference on Digital Medicine and Image Processing (DMIP 2025) will be held in The University of Tokyo, Tokyo, Japan during November 27-30, 2025. DMIP 2025 is supported by Ritsumeikan University, and technically supported by National Taipei University of Technology, Shanghai Key Laboratory of Multidimensional Information Processing, East China Normal University, National Dong Hwa University, and Shandong Normal University. It aims to provide a platform for researchers from all over the world to present and discuss their advanced research results in Digital Medicine and Image Processing and related fields.

Topics

1. Digital medicine: Medical image analysis; MR image reconstruction; CT image reconstruction, radiomics; Molecular imaging; Medical big data; Segmentation and 3D visualization; Digital pathology; Bioinformatics; Computational anatomy; Application of machine learning in medicine

2. Image processing: Image segmentation; Image registration; Image reconstruction; Image matching; Feature extraction; Image detection and recognition; Shape analysis; Machine learning; Deep learning; Hardware (FPGA, DSP, IC) for image processing and machine learning
